## Your Horoscope

LEARN WHAT the stars and planets say about your future. If you expect to make any changes during the year, by all means have an Astrologer point out the days and dates when the planets are favorable for your interests. These are critical times and you need counsel and advice as never before. If you have made errors in the past see that you do not make them in the future. There is no disputing the fact that the Astrologer can point out with remarkable accuracy and foretell coming events which are beyond the power of the average mind to foresee.

Surely you are interested in your self and want to know more about your future. We send you a lengthy Astrological Reading covering the entire year; one that you can consult today and prepare for what is coming tomorrow. As long as your star of destiny is favoring you, your affairs will run smooth and prosper, but when the planets are in evil aspect everything goes wrong, you then say you are having "bad" luck. Surely this has come to your notice. From the Astrologer's view the year 1920 will be the most eventful year in the world's history. Many a fortune will be made and lost. Therefore, when you have an important matter to decide, and are at a loss as to what is best to be done, it is only necessary to consult your annual forecast, which fully covers Business Matters, Change of Location, Speculation, Travel, Love, Courtship, Marriage, Health, Accidents, Lucky days, etc., in details for the entire year.

We trust that you will avail yourself of this opportunity, for \$2 spent today may save you years of unhappiness. Send \$2.00, your full birthdate. Remit by P. O. Order. Do it Now, Tomorrow may be too late.
